

## SWITZERLAND-CEBU SCHOOL HELP

# Newsletter January 2019

We hope that you all have started very well into the new Year and wishing you, a little bit delayed, all the best, happiness and good health.

We are happy to present you the first edition of our Newsletter. A lot of positive has happened over the past months, which we would like to share with our valid Donators and Godparents.

In August 2018 Mr. Pe Ritter, President SWIBU Switzerland visited our President, Mrs. Ellen P Ramas here in Cebu. During these three weeks, he got a very good picture of our organization and work we are doing here. He was deeply affected by the poverty on our Island and he is very much convinced that our help will be a relieve for the poor and suffering children. In this time, we have worked out several concepts and how we proceed further. With mailouts, press releases, advertisements which have been placed free of charge, SWIBU was able to bring the name out to a wide public. A lot of donations, in form of money and materials have reached us, so that for a good filled Container will leave Switzerland direction to Cebu in February 2019.

We welcome all our donators in our SWIBU-Family and thank you very much for this generous help for the children and schools in desperate need on the Island of Cebu. Without your help, we could not realize our project.

## Godparenthood

In January 2019 we added a new Site to our Website, called "Godparenthood". By choosing your child you support directly your godchild and the family with a monthly amount of Fr. 20.- which is approx. PHP 1'000.00.

Becoming a Godparent, you give the biggest present to a child "now and in the future".

**SWIBU-Cebu assures you, that the chosen children really belong the once in desperate need. Ellen Ramas, our President knows the children and their families personally. These were selected by a special criteria.**

## **Preparation of Container**

**Pickup and collection of the donated goods are in full progress. Our Pe Ritter is fully on the road and started from Zell LU a “tour de Suisse”. Next with his own car he was also with a truck on the way. This way in February a filled Container will leave Switzerland direction Cebu.**

**Until our next Newsletter we wish you a very happy time. We are also very thankful, when you recommend our organization, that our help project will get the success which it has earned.**
