## Introduction of two more Godchildren

I am Jessa, 11 years old and I attend the 3<sup>rd</sup> grade classes. I live with my parents and a baby sister in the mountains of Cebu. I am also one of the happy children for which SWIBU has found a Godmother. I am all the time looking forward meeting Ati Ellen, not only because of the monthly support. She is visiting us from time to time when she is in our area, or like this month, when she visited me in the hospital as I was there with high fever. But now I feel well again and I am back home. Thank you very much SWIBU.

My name is Khurt, 7 years old and I will attend after the summer holidays, which are now, the second-grade classes. I am the eldest in the family and have two sisters for which I take care in my spare time. My father works on building sites, when he has work and Mama is selling charcoal in the market, which we produce ourselves. Thanks to my Godparents family Feuz, [www.millday.com](http://www.millday.com) I also belong to the happy ones, which get some support from Switzerland. Thank you very much family Feuz.

## Looking for Godparents

On our Website <http://swibu.net/godparenthood/> you will find more children which are looking for a Godmother/father and would be very pleased to find someone. Of course, we recommend you all, but one of them is to us very special at heart:

My name is Jean and I live with my 9 siblings and Parents near the City of Toledo. My father is riding a Tricycle (Pushbike) to transport people and my mother is washing other people's clothes to get some income. Life is very hard for all of us and often we do not have enough food. Sometimes I can not attend School, as I have to take care of my younger siblings and we cannot afford the school material. Below some photos which Ati Ellen has taken, when she visits us and brings some rice:

Many thanks and kind Regards
