Newsletter August 2019

Dear SWIBU Friends, Donators, Godmothers and Fathers

Another very joyful and labor-intensive month lies behind us. With the distribution of the donations from the container we could make hundreds of children, their parents, and especially the APID Elementary School, very happy. The gratitude of the people in desperate need and the entire SWIBU team is very big!

In the meantime, a lot of photos of the handing over of the Donations and the small celebration by the students of the APID Elementary School can be viewed on our Website <http://swibu.net/gallery/>. Also, there you will find the SWIBU-Song, presented by the children of the APID School and additionally on YouTube <https://youtu.be/SedhiQN29SM>. - Delight yourself with us and the lucky teachers, children and parents at the beautiful souvenir photos and the song which had touched us to tears.
